

I am writing to request that you NOT allow LPFM stations to take priority over current FM translator services. I am particularly writing in defense of KLOVE which is broadcast in my area on 105.5, 89.1 and 100.9 FM. If KLOVE were to be wiped out it would have detrimental effects on my family and the community as a whole. KLOVE offers a positive and encouraging alternative to much of what is broadcast on the radio today. We as a society need encouragement and hope in our crazy, stressful and hectic world. KLOVE broadcasts that message of hope. We as a family ask that you please choose NOT to replace or take priority over this FM translator with a LPFM. Thank you.
